

ROSETTES

Rosettes are decorative covers designed to conceal screw heads. Rosettes are included in the price of a plaque, but if you want special rosettes or replacements, contact your customer service representative for delivery information as not all rosettes are in stock.

Materials

Prices are for both bronze or aluminum; rosettes are included in plaque price.

Finishes

Raised surfaces are highlighted to a satin or buffed finish. Specify one of our standard plaque colors depicted in the catalog or color chart: Light Oxide Stain, Dark Oxide Stain, Black, Metallic Grey, Dark Green or Natural Sandblast. Contact your customer service representative for custom colors, painted faux patinas or surfaces that are polished.

R77 style rosettes are stamped in brass and are only available as natural brass or painted one of our standard colors.

Mounting Hardware

Rosette prices include only the rosette and a drive pin or a 6/32 machine screw. Add \$5.50 per piece for machine screws, wood screws or toggle bolts used to secure plaque onto a mounting surface. Add \$.99 for each lead expansion sleeve or metal toggle wings required.

Style	Size	Price
R2	5/8"	\$15
R4	7/8"	\$23
R5	1 1/8"	\$20
R16	1 1/8"	\$23
