DESIGNFUSION™
by Matthews Architectural Products

TAKE YOUR SIGNAGE TO THE NEXT LEVEL!

What is DESIGNFUSION™ ?

Apply designs to just about any raised or recessed surface with DesignFusion™ by Matthews Architectural Products. This new and unique in-house finishing option bonds patterns and colors directly to the product being transformed. Adding a design to any product is a simple and effortless process.

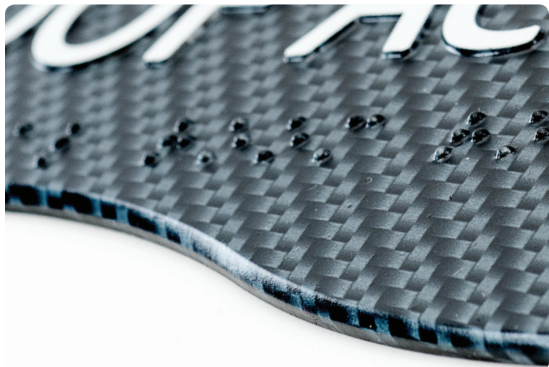

Aluminum Reception Sign with DesignFusion™ in Burlwood

Why Choose DESIGNFUSION™ ?

This product line is a contemporary option for all of your signage needs with the look and feel of a high-end finish at a fraction of the price. Transform your standard sign or letters into one that has the appearance of natural wood, stone, or any design imaginable.

Not only is DesignFusion™ a decorative design element, but it's also extremely durable. As with all of our products, a protective coating is applied to ensure that it will stand the test of time. This finish option is ideal for both indoor and outdoor applications since it won't tear, chip, or break.

Available Options

Matthews offers both standard and custom finishing options.

CURRENT OFFERINGS

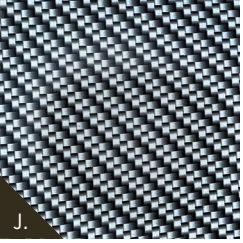

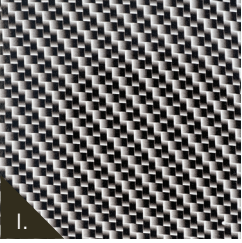

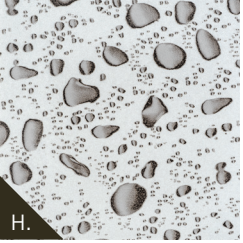

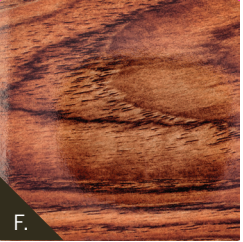

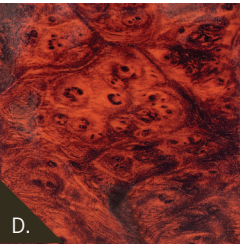

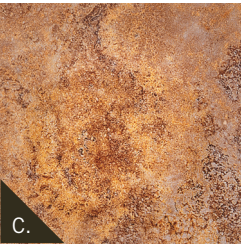

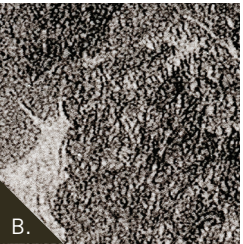

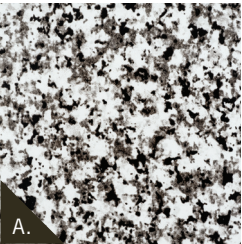

While there are a wide variety of films available, we currently stock these ten:

- A. Black Granite
- B. Stone
- C. Travertine
- D. Burlwood
- E. Dusty Walnut
