

METAL LETTERS

Metal letters by Matthews Architectural Products are crafted to last and won't fade like plastic letters. Our metal letters can be used for interior or exterior use and affixed to nearly any surface. For a truly distinctive display – plus one-stop convenience – source your letters, logo and your plaque or other signage with Matthews.

CAST LETTERS

Cast letters are the perfect combination of durability and beauty. Matthews cast letters come in two metals – bronze or aluminum – in a variety of finishes. Cast letters are particularly suited for:

- Prismatic letters
- Multiple sets of letters
- Letter with depths greater than ½"

WATERJET-CUT LETTERS

Waterjet-cut letters and logos provide crisp lines and delicate details for truly distinctive signage. They come standard in five metals and four thicknesses, but Matthews can easily accommodate custom orders. Waterjet-cut letters are ideal for:

- Joined letters
- Script-letter styles
- Unique fonts
- Logos/branding
