

ACRYLIC ADA SIGNAGE

The Trusted Leader in ADA Signage

Consider a Matthews Acrylic ADA sign for a long-lasting and cost-effective signage solution. Our thermoformed process provides greater longevity and the highest possible quality with each sign crafted as one-piece, ensuring that molded text and braille stay in place. Matthews acrylic ADA signs can be produced to meet almost any design requirements or brand specifications.

Acrylic ADA Benefits

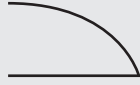

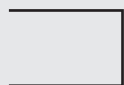

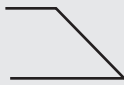

- Solid one-piece construction
- More durable, versatile & environmentally friendly than alternatives
- Rounded or domed braille capabilities
- Exterior rated
- Unlimited colors can be painted on top and/or sub-surface
