

September 3, 2019

Dear Valued Customer,

Matthews Architectural Products is excited to share our new 2019-2020 price book, full of innovative solutions to help you and your customers tackle projects of any size! We are proud to produce some of the highest quality metal signage in the industry, while expanding our solutions into premium acrylic and glass products as well, including:

**ACRYLIC SIGNAGE & LETTERS**

- Matthews now provides the highest quality Acrylic ADA Signage - crafted as one-piece - ensuring molded text and braille stay in place. Our new Acrylic offering also includes Cut Letters and Logos in standard and custom sizes - both finished and unfinished - for your convenience. See additional details on page 69.

**MATTHEWS NEAR FIELD COMMUNICATION (NFC) TECHNOLOGY**

- Our patented NFC Technology allows you to connect a physical plaque, statue or exhibit with a meaningful digital experience, where visitors can view engaging content directly from their smartphone and even purchase from an online store or make a donation at the most opportune time. Take a look on page 100.

**EXPANDED AWARDS & RECOGNITION OPTIONS**

- From legendary Halls of Fame to highly custom ImageCast™ plaques, Matthews is known for our Awards and Recognition solutions. Visit page 83 to view our newest options such as durable Medallions, unique Trophies, modern Glass Awards and many other custom products.

Please familiarize yourself with the new pricing, effective with orders placed beginning October 1, 2019. Thank you for allowing Matthews Architectural Products the opportunity to supply all your signage and recognition needs! Please don't hesitate to contact us at 800.950.1317 or at [www.matthewsid.com](http://www.matthewsid.com).

Best,

Scott Shelander  
General Manager
